KEG

De Huyghe – Delirium Noel

A chestnut amber coloured beer with a fine, white, creamy and lacing foam head. The aroma is a complex blend of caramel malt, fruit, spices and the sweetness of the alcohol. On the palate is a strong presence of alcohol, very spicy, slightly bitter and a lingering sweet and spicy and slightly bitter finish. 10%

Hawkshead – Black IPA

A surprisingly light and fruity IPA, with clean roasted malt flavours and a mellow bitterness from the de-husked dark malt. There is a refreshing hoppiness from the classic British and American hops, not usually found in a dark beer. 4.4%

Hofbrau – Winterzwicl

Sledding runs to the valley below, ski-carving on the slopes, snowshoe hiking in the crystalline mountain landscape, just pure winter fun. And that includes stopping off at a cosy mountain lodge to enjoy a Hofbräu Winterzwicl – the beer specially brewed for the winter season. Harmoniously strong, with slight hints of caramel and chocolate and a subtle malty note. 5.5%

Lakes Brewing Co. – Coffee Porter

Dark, full bodied with deep accentuated notes of coffee, chocolate, blackcurrants and a rounded sweet citrus hit. 5%

Twisted Wheel – Over, Under, Sideways, Down

A Flat White Stout brewed with pale malts, freshly roasted coffee beans, Lactose, Demerara Sugar, Cacao Nibs and Chocolate. A big hit of coffee on the nose, this beer is the Flat White equivalent of a beer. Pale in appearance but as smooth and roasty as your classic stout. 5.5%
